Appeals Court Reverses Judge's Decision

C. of C. Screens All Solicitation Seekers In Town

The Solicitation Committee of the Cameron Chamber of Commerce screens every applicant that requests a permit to solicit funds, seek donations or sell tickets. This committee has investigated six such applications in the months of February and March.

The Chamber of Commerce announces that cards reading: AD VERTISING SOLICITORS! DONATION SEEKERS! TICKET SELLERS! MUST HAVE A SOLICITORS PERMIT FROM THE CHAMBER OF COMMERCE BEFORE TRANSACTING BUSINESS WITH THIS FIRM, are now available at the C of C office. Anyone wishing to obtain one of these cards may come by the office, or call 101 and a card will be delivered to you, Mrs. Barbara Smitherman, manager-secretary reported.

Lion Sponsored Circus Slated For March 25

The Hagen Brothers Circus, being sponsored locally by the Lions Club, will be in Cameron Friday, March 25.

There will be two shows, one in the afternoon at 2:30 p. m. with the doors opening at 1:00 p. m. and the other at 8 p. m., with the doors open at 7 p. m. Spectators have been invited to see the feeding of the animals on the showgrounds at 10 a. m.

Advance tickets are now on sale, with half of the proceeds from the sales to be given to the Lions Club for their charity funds.

The Circus will be located on the Temple Highway, on the other side of National Hall.

Ticket on sale at Dusek Pharmacy, Schiller Pharmacy and New Cameron Drug. Residents have been urged to buy advance tickets by the Lions Club.

Burkes-Howard Second To Donate Right-Of-Way

The second donation of right-of-way along Highway 36 which is to be rejuvinated by the Texas State Highway Department was made Monday afternoon by Burkes-Howard Company, at the corner of the highway and Fannin Street.

All of the members of the Good Roads Committee, of the Chamber of Commerce, and the members of the City Council, were high in their praise and appreciation to the company, since their donation consisted of a half a block.

This leaves only 12 property owners along the highway to be contacted, and several of those have already consented to donate their right of way, with the city making all the necessary adjustments.

As soon as everyone has been contacted and the right-of-way obtained the State Highway Department will begin the complete overfit both businesses and homes along that stretch.

merce committeemen were hopeful that more contributions of right-of-way will come in this week.

Infant Son Of E. Angells' Dies Monday

The infant son of Mr. and Mrs. Eldridge Angell, who was born March 21, 1955, died shortly before midnight Monday.

Other than his parents he is survived by a brother, Kenneth, and a sister, Rebecca. He is also survived by his paternal grandfather, W. O. Angell and his maternal grandparents, Mr. and Mrs J. B. Sapp.

Funeral services were scheduled at 4 p. m. Tuesday, at the Chapel of Green's Funeral Home, with Reverand A. F. Russell, pastor of the First Baptist Church officiating. Interment in Oak Hill Cemetery.

an editorial . . .

Adequate sewage is still one of the main problems in Cameron, and apparently it will remain so. As long as people continue to say, "It's an honorable crusade, but—", and that line of "buts" adequately covers every outdoor privy in and out of the city of Cameron.

The main "but" on the list is "Oh, but look how many people it will hurt". This line of reasoning goes on, if those people owning a large number of rent houses put in sewers they will have to go up on their

Why should they have to pay more rent? Those houses, which barely resemble the lowest type of living quarters have been built too many years, have "hurt" the looks and the possible health of the remainder of the residents too many years. Besides being unsightly the outdoor rent and many of the tenants cannot afford to pay more rent.

privy is a health hazard to the many who have put in their sewer.

When you get right down to it, who would it hurt? The big property owners, who have collected rent on the houses for many years and added no improvements. Each house has probably paid for itself three times over, so, who would the enforcement of the sewer regulation actually hurt? None, to improve the town physically, sightly and rid it of its stench is bound to help instead of hurt the residents now and in the future.

We urge the council to stick behind their promise to enfore the sewer regulations.

Cameron Invitational Track Meet To Be Broadcasted To 54 Cities

The biggest track meet ever held in Cameron will be broadcast by radio in some 54 or more towns, by KTEM and other stations officials have announced.

This meet, held annually, will be held on the Yoe field March 26, Coach Leo Jackson announced, with 54 schools to be represented.

Temple is the defending champion for this 20th annual Cameron Invitational Relay meet.

Cameron Jaycee's are acting as co-sponsors of the meet and directors will convene with representatives of KTEM Radio Station in Temple Monday to make final plans for the broadcasting of the events.

Demp Hill Suffers Broken Neck In Wreck

Mrs. Demp Hill of Milano was called to Fort Smith, Ark., to be with her husband, Demp Hill, who was in a car accident.

Hill, who is stationed there with Army, is reported to have suffered a broken neck. Mrs. Hill called Saturday and stated he was a little better.

TRADE IN CAMERON

E. A. Perrin First To Donate Right-Of-Way

Hopes for the quick conclusion to preliminary plans and obtaining of right - of - way from the 14 property owners along the portion of highway 36, in the city limits, which is to be widened and rejuvinated, are running high.

First donation of necessary footage to bring the highway to the necessary width specified by the State Highway Department was by E. A. Perrin, always among the first to donate or help in any project for the good of the city.

The new highway will benefit the city of Cameron and its inhabitants in many ways, besides adding to the beauty it will be wide enough to allow parellel parking on either side of the street. This will permit parking at the present business locations and make their businesses more accessible, as well as increasing the value of the property.

City Councilmen are working at a disadvantage on the stretch of highway they want so badly to complete in the near future, and the city as a whole needs so badly. Their disadvantage is a lack of funds. But they hope to proceed through the cooperation of the general public, and the publics adaption to their plans, which will improve the property of everyone along the new portion of highway without bankrupting the city, or adding to the taxes.

TRADE IN CAMERON

District Judge O. D. Graham's verdict that the absentee ballots in the Rockdale Precinct 15 was reversed by the Court of Civil Appeals in Austin at their meeting Wednesday morning, according to the clerk of the Court of Civil Appeals.

They judged that the members of the canvassing board, Leo O'Neill, Lucille Erwin and Doris Gamble had fullfilled their duty when throwing out the contested ballots.

Don Humble, as a private citizen, first contested the 247 absentee ballots which were rejected, on the grounds that some of the absentee ballots were illegal, therefore he challenged them all.

No witnesses were called since, Judge Graham stated, "none of the 219 witnesses sought by defendants had any knowledge of what happened before the canvassing board, and were accordingly excused."

The case was filed in the Court of Civil Appeals without argument.

IN THE COURT OF CIVIL APPEALS, THIRD SUPREME JUDICIAL DISTRICT OF TEXAS, AT AUSTIN
NO. 10,302
LEO J. O'NEILL ET AL, APPELLANTS vs. LEE YOUNG ET AL, APPELLEES
FROM DISTRICT COURT OF MIAM COUNTY, 20th JUDICIAL DISTRICT, NO. 14,032, HONORABLE O. D. GRAHAM, JUDGE.

At the Second Democratic Primary Election held on August 28, 1954, appellants were duly appointed members of the canvassing board of Milam County and at the appointed time met to canvass the absentee ballots cast in that county. During this meeting an individual elector appeared and challenged 247 absentee ballots voted by electors of Precinct 15. This challenge was sustained and the ballots were not counted.

Appellees who are fifteen of the electors whose ballots were challenged brought this suit against appellants and prayed

"....that Defendants be ordered and notified to appear at a hearing at such time and place as designated by the Court, and that upon proper hearing, they be ordered to canvas and count the 247 absentee ballots in question according to the provisions of Law in such cases made and provided; that mandamus issue upon such hearing ordering Defendants to canvas and count such ballots as provided by Law and certify the results of such canvas and count as provided by law; and for such other and further relief to which they may be entitled."

A nonjury trial was had and on September 8, 1954, the trial court entered judgment as follows:

"Therefore it is ordered that the prayer of petitioners is granted, and the respondents are directed to tabulate, count and report the absentee ballots and votes from election Precinct No. 15 as in the case of all other absentee votes and ballots. It is further ordered that writ of mandamus issue to the defendants with copy of this judgment attached, and that same be placed in the hands of the Sheriff for service upon each of the defendants."

Appellants have appealed from and have superseded this judgment.

The parties agree that this is not an election contest and that any judgment rendered in this cause will not change the result of the election.

We find no order impounding the challenged ballots and no request for such an order.

There is no showing, and no attempt was made to show, how any elector voted, and there is no allegation or proof that the ballots have been illegally destroyed for which reasons the provisions of Art. 9.38, Vernon's Ann. Civ. St., Election Code, has no application.

It is not asserted that the rejected ballots were not returned to the county clerk as directed by law and we assume they were so returned. Subdivision 6 of Art. 5.05, Vernon's Ann. Civ. St., Election Code, in part, provides:

"....all rejected ballots shall be enclosed, securely sealed, in an envelope on which words 'rejected absentee ballots' have been written, together with a statement of the precinct and the date of election, signed by

Religious Census Slated For Sunday March 27

The men of Cameron's churches, approximately 150 strong, will take a religious census of the city and its environs next Sunday, March 27 according to an announcement by Richard W. Moseley, general census chairman.

The workers will meet at the Presbyterian Church at 1:30 p. m. for general instructions and assignment of territories and will begin the actual census taking at 2:00 p. m. All citizens are requested to stay at home Sunday afternoon to enable a complete coverage with as few call-backs as possible. Those who will not be at home are requested to clip the form found elsewhere in the Herald, fill it out and place it in their mail box.

The churches of Cameron, represented by the Cameron Ministerial Association are desirious of obtaining as accurate and complete census as possible in order to better serve the religious needs of the community. This particular census is considered more important than usual due to the recent re-naming and numbering of the streets.

Time To File Absentee Ballots; Final Date For Filing April 1

It is time to file absentee ballots for the coming April 5 City election. Ballots for those who will be unable to attend the polls on that day were made available March 16 and will continue to be sent out on application or can be had upon request at the city hall.

Invalids and sick persons can be sent a ballot by making application by mail. All of those who are going to be out of town on April 5, however, must register at the City Hall where they will be issued a permit.

Final day for posting absentee ballots is April 1.

There are six names on the ballot this year, placed in the order in which they were drawn. First is A. N. Green, then Gene F. Blake (who is running for a second term) Grady Stidham, Alfred (Fritz) Ondrej, Clifford Thompson and Robert Weems (who is running for a third term).

Polls will be opened at 8 a. m. and remain open until 7 p. m. April 5 at the City Hall.

Bill T. Fisher Withdraws From School Race

It has been announced that Bill Tom Fisher who filed as a candidate for the school board several weeks ago, withdrew from the race Friday.

He stated that too many of his patrons had requested him to continue operating the school bus, and that since he was going to run for the school board to serve his community he felt that if on the school bus was where the people wanted his service he would continue in that capacity.

There are now eight men and woman filed for the April 2 election.

Highway Patrol Warns Of Inspection Date

State Highway patrolmen serving this area warned motorists that the deadline for car inspection is April 15, and many cars in this territory have not yet been inspected.

They urged all motorists to have their cars inspected at an official inspection center as soon as possible, since there will be no extension to the time limit this year.

Officer John Blansit reported that they are stopping cars at intervals now, to make certain that they have been inspected, and that after the deadline they will be subject to court action with fine set up to $210.50.

The 1955 sticker is green, and of the same design, in the shape of Texas, as in 1954.

Inspection Centers here are Hudson's Trucking Service, Ford Motor Company, Chevrolet Motor Company, Studebaker Company, Schiller Motor Company and McLain Company.

34 Cases Of Strept Throat In County

Strept throat once again set the pace for diseases in Milam County for the week ending Saturday, March 19, with 34 cases listed by the Milam County Health Unit, as reported by Dr. John Bryson, head of the Unit.

Next on the list was chickenpox with 29 cases reported. There were 14 cases of influenza, five cases of mumps, four of pertussis, two of measles, two of syphilis and one of gonorrhea.

7 Indictments Are Made By Grand Jury

A list of indictments were presented by the Grand Jury which met in the Courthouse Monday, March 21.

Lovie Lee was indicted with forgery and passing of forged instrument on two counts; Jack Lewis was twice indicted for forgery and the passing of a forged instrument; Theaul R. Howard was indicted for conversion or Theft by Bailee, also on two counts and Andrew Jackson Raines was indicted for second offense driving while intoxicated.

Members of the jury were Hiram Walker, George Fisher, Rodney A. Barker, U. B. Satterwhite, Richard Moseley, J. D. Peeples, Fred Bethea, foreman, R. O. Curry, T. M. Kirk, secretary, Marvin Petty and C. O. Mayfield.

Commissioners Court Met Thursday

County Commissioners met Thursday morning for their "settling up" meeting, where all the bills are paid. A full quorum was present.

First on the agenda was hearing from the guests. One man was there to complain that the well the county had dug for his mother, when her original well was covered up with the new farm to market road, was no good, with the bottom of the well as dry as the top.

The Commissioners, at Judge Charles C. Smith's suggestion, agreed to try to fix the well first and, if there was still no water, make other arrangements.

Dr. John Bryson, County Health Unit doctor, next appeared before the board to inform them that the raise in salary for D. S. Wimberly had been approved and is now in effect.

He added that the Unit is ready for the polio vaccination, all they are waiting on is the "good word" from Michigan.

Judge Smith then pointed out that the reason for the deferring of the minutes on the last meeting, in February, was because there was a consilidation in the Rosebud School, which was incomplete at that time and all the information has to be posted together. He added that up until March 17 there were no accurate field notes, so the minutes for two meetings will be read at thenextregularmeeting.

The bills made by each of the Commissioners were then read by Conn Isaacs and approved for payrient.

A letter from the Bar Association, expressing their appreciation for the new chairs in the court room, was then read.

Smith then informed the council that on the estate of a man named "Knight" who lived on the County farm for 93 months only $720 could be alloted to the county according to the stauates to be put into the general fund.

A new two ton gravel truck for C. L. Raney was approved, with details to be furnished by him at the next meeting.

20th Annual Invitational Meet To Draw Largest Entry In History

Forty-two teams have entered the 20th Annual Cameron Invitational Relays thus far officials revealed Thursday. Many records, some of which have been held by the same person for eighteen years, will be endangered as many of Central and South Texas' top track teams have entered in the meet.

Temple, the defending champ of 1954 will be back to protect their crown while Gonzales, a South Texas foe and the team that won the Cottonbowl Relays last week in Taylor is entering as a definite threat. Waco High School is bring its crack 440 relay team with two other top notch teams, Killeen and Chilton, also in the meet.

This will be the largest meet in the twenty year history of the track event. The first place team will be presented a team trophy, while two loving cups will also be awarded to the high point man and the first place mile relay team. Individual awards which consists of a gold medal for first place, silver medal for second place and bronze medal for third place winner will be awarded.

The first place in all events will be given five points while second place winner receives three points. Two points and one point will be distributed to the third and fourth place winners, respectively.

Preliminaries for the field events will begin promptly at 10:15 a. m. and track events set at 10:30 a. m., with finals scheduled that night at 7:30 p. m.

The only finals to be held in the morning are the discus throw, shot put and broad jump. The pole vault high jump and 120 yard high hurdles finals will begin at 7:30 p. m.

Other finals and times are:
100 yard dash at 7:45 p. m.
440 yard dash at 7:55 p. m.
220 yard low hurdles at 8:05 p m
440 yard relay at 8:20 p. m.
880 yard dash at 8:35 p. m.
1 mile run at 9:00 p. m.
220 yard dash at 8:50 p. m.
1 mile relay at 9:15 p. m.

Schools Entered

Schools entering thus far are McCallum (Austin), Waco State Home, William B. Travis (Austin), University High School, (Waco), Waco High School, Navasota, Round Rock, West, Valley Mills, Grandview, Austin High School, Iola, Granger, A & M Consolidated, Edna, Flatonia, Taylor, Thorndale, Temple, Gonzales, LaVega, LaGrange, Hearne, Shulenburg, Rosebud, Marlin, McGregor, Calvert, Holland, Stephen F. Austin (Bryan) Rockdale, Killeen, Chilton, Gatesville, Giddings, Troy, Bastrop, Caldwell, Academy, Hallesttville, Georgetown and Cameron.

Temple won the meet last year with 35 points with Waco high school in second place at 30¼ points and Chilton third with 11¾ points.

Yoemen Entered

Participating in the meet for Cameron will be:

High hurdles, J. Michalka, D. Ernst and H. Brown.

100 Yard dash, A. Mondrik, H. Marek.

440 yard dash, J. Rettig.

Low hurdles, C. Angell, B. Thompson and E. Hubnik.

440 yard relay, C. Angell, A. Mondrik, J. Duncan and B. Thompson.

880 yard dash, A. Baggerly and B. Malone.

220 yard dash, A. Mondrik and H. Marek.

One mile relay, J. Rettig, C. Angell, J. Duncan and B. Williams.

Pole Vault, J. Michalka and H. Brown.

High Jump, J. Michalka, D. Bowley, B. Glenn.

Broad Jump, A. Mondrik, B. Malone and B. Williams.

12 pound shot put, T. Collins and C. Wallace.

Discus Throw, Paul Hoelscher, and B. Barr.

Record Holders

Record holders in the 20 year history of the relay is as follows:

120 yard high hurdles: 1947, Milburn of Austin, Time: 15.6.

100 yard dash: 1954, Richard Stone, Navosota, Time: 10.

440 dash: 1950, Andrele, of LaVega (Waco), Time: 51.2

180 low hurdles: 1954, Billy Prestage, Chilton, Time: 20.8.

440 yard relays: 1953, Temple high school, Time: 55.3.

880 yard dash: 1938, Terry of Lockhart, Time: 2 min., 4.7 sec.

220 yard dash: 1937, Turney of Houston, Time: 23.1.

Mile: 1952, Compas of Burtram, Time: 4:48.6.

Mile Relay: 1954, Waco high school, Time: 3. min., 36.1 sec.

See Meet — Back Page

THE TEXAS NATIONAL GUARD ARMORY BOARD has announced that it will construct an armory in Cameron. Completion for the Armory, pictured above, has been scheduled for 1956 with Rucker & Logston of Temple, Texas as Architects.

TEXAS PRESS ASSOCIATION MEMBER 1955

MILTON F. BROWN, JR. ..... Publisher
PEGGY FLORIDA ..... Editor

Entered in the Postoffice at Cameron, Texas, as mail matter of second class under an act passed by Congress, March 8, 1879.

Published every Thursday. Subscription rates: In Milam County $1.75 per year; outside county, $2.75; out of State $3.50.

People's Business Should Be Public; Several Bills Now Up To Make Info Public

(Taken From The Houston Chronicle)

SEVERAL BILLS designed to make official information public are before the Texas Legislature. Some require publication of certain information about public bodies. Others prohibit secret meetings of city councils, school boards and other agencies of state and local governments.

Recently it has become a matter of general knowledge that 104 of the state's 254 counties do not comply with the law requiring counties to submit their budgets to the state auditor. The present law provides that it be enforced by county and district attorneys. No penalty is provided for noncompliance. Harris County does comply, by the way.

ONLY THE Commissioners Court of those 104 counties know what became of the tax monies collected. Texas Commissioners Courts handled more than $1,000,000,000 in assessed property taxes last year. Texas counties have gross debts of $1,500,000,000.

One bill would require that full minutes of Commissioners Court meetings be published and provides penalties for failure to observe the law. These are reasonable provisions.

SCREENING NEWS "for security reasons" started during World War II. It had spread to nearly every federal department and reached into state and local agencies of government by the end of the Korean incident. It seems to have reached its peak. The public has begun to wonder whose "security" is involved in all of this hush-hush stuff.

Natural consequences of hiding official acts, methods and policies have been coming to light in the last few years. First there were ugly rumors. Then came investigations and, in some instances, disclosure of ugly facts. A pattern emerged in the behavior of many officials charged with irregularities.

AT THE START there was indignant denial, then counter-charges, next a desperate defense based on "security," followed by a silence sanctioned by the fifth amendment and finally immoderate claims of mistreatment by the "irresponsible" press, all completely published in the newspapers.

Sen Hubert H. Humphrey of Minnesota answered the criticism of the newspapers the other day when he commented, "It is unfair to criticize the American press for lack of responsibility if we in turn try to make a game out of keeping information from the press."

WHETHER the bills now before the Legislature are properly drawn is something for the legal experts of the Legislature to work out. They should be worded with more care than has been exhibited in the law intended to require budget reports from counties. We hope the legislators will consider these bills seriously.

The insistence of the press upon open meetings for the transaction of public business merits the support of all those who want good government.

Failure To Make Curve Results In Accident At Milano

The heavy rainfall accounted for a one-car accident Friday night at 7:45 when John Shratian of Fort Hood failed to make a curve at the intersection of Highways 79 and 36 north of Milano.

Shratian, who was accompanied by his companion, was driving a 1954 Ford south on 36. The car tipped over, resulting in heavy damages to the auto, but no injuries were reported.

The accident was investigated by Cameron patrolman John Blansit.

GOVERNOR ALLAN SHIVERS signed the official proclamation for Texas Industrial Week last Thursday, as officials of the Texas Manufacturers Association looked on. Left to right are Howard T. Tellepsen, president of TMA and of Tellepsen Construction Co., Houston; Callan Graham, TMA's General Counsel, Houston; Governor Shivers; and Roy H. Simmons, TMA's vice president for state legislation and president of the Texas Brick Co., Brownwood. The sixth annual Texas Industrial Week will be observed April 1 - 7, sponsored throughout Texas by TMA, and locally by Chambers of Commerce.

In The House Of Representatives

BY HERMAN YEZAK

March 7-11. During the week the House passed and sent to the Senate the following measures:

1. A bill to increase driver's license fees from $1 to $2 and commercial operator's fees from $3 to $4. The fees are due every two years.

2. Under the terms of one bill, insurance agent's license fees would be increased from $2 to $5 which are payable every year.

3. Require a lapse of ninety days instead of thirty days for a divorce before it can be granted after it is filed.

4. Increase speed limits of pickups, panel trucks, and other light delivery vehicles designed or used for 1500 pounds or less from 45 to 60 miles an hour. Allow a speed of 70 miles an hour for automobiles on four-lane divided highways

5. Several other bills were taken up by the House during the week but they were postponed for consideration at a later date.

The bill making Arlington State College a four-year institution advanced to final passage in the House on Thursday.

The bill abolishing crossfilling was passed in the Senate and sent to the Governor. The bill passed the House last week and the Senate this week without a debate.

A seventy-one page corporation code bill was passed by a House committee this week. The measure rewrites the entire corporation law except the part dealing with incorporation of banking and insurance businesses.

The House defeated a Constitutional amendment which would allow the Legislature to pass a law to restrict bail bonds against a felony offender while under another felong indictment.

A bill is pending before the Legislature exempting banks from the payment of ad valorem taxes on certain property owned by banks. The measure will decrease tax revenue for local schools and local political subdivisions.

Introduced was a bill to register lobbyists. The bill is modeled after the federal lobbying act.

The Chairman of the Revenue and Taxation committee has introduced a tax bill which the committee will work on to raise the revenue that is needed. Cigars and additional tax on cigarettes is specifically in the bill, and the committee could increase any present tax or include new excise or other taxes in the bill.

On Friday, the last day to file bills without a permission, seventy House Bills were filed. After the first sixty days of the session, in order to introduce a bill, permission must be given by four-fifths of the members voting. At the end of the first sixty days, a total of 854 House Bills and 46 Constitutional amendments have been introduced.

Mr. Canasta Tells His Tale To Officers

Remember Mrs. Canasta and her bonehead moves in an automobile and her lame-brain excuses and explanations.

Well, Mr. Canasta just put her in the shade. He was driving toward Cameron when he had an accident...but not much of one according to him. He lost control of his car and slid some 291 feet, turning the car over and rolling up an embankment.....and was going 50 to 55 miles per hour...he says. Then he deemed the accident not important enough to wait for the Highway Patrol, who caught him on the way to Temple.

To top it all off he told the patrolmen that he didn't consider the accident important enought to wait for an officer, since no was hurt——when at the time his wife was in the hospital with injuries suffered during the accident.

Slight Injuries, Total Damages In Wreck Friday

No serious injuries were reported in a two-car accident Friday night on U. S. Highway 36, however, total damage to two automobiles was listed. The accident occured at about 8:05 p. m. during the heavy rainfall.

Ray H. Martinez, who was driving a 1938 Ford, South on U. S. 36 about three miles south of the Milam-Burleson county line, was struck in the rear by a 1950 Buick sedan, driven by Harold G. Freeman of Fort Hood.

It was reported that Martinez was either stopping or slowing down to make a turn when Freeman came up and failed to see him to avoid plowing into the vehicle.

The crash knocked the Ford several feet after which it caught fire and burned. Martinez brought the car to a stop and climbed out unhurt.

Freeman suffered facial and body cuts, but it was reported not very serious.

The Buick was totally wrecked officers stated.

The accident was investigated by O. L. Luther of Bryan and the Cameron Patrol Unit.

Cpl. Zarosky, Jr. In Army Maneuver At Salzburg, Austria

Cpl. Joe D. Zarosky, Jr., 24, whose parents live on Route 1, Cameron, Texas, recently participated in Exercise Roundup, an Army training maneuver in Austria.

Held under simulated combat conditions, the week-long exercise included attacks by an "Aggressor Force" of British soldiers. In anticipation of the attacks, U. S. troops evacuated the area in a test of mobility.

Corporal Zarosky, a member of the 532d Engineer Company, entered the Army in October 1953 and completed basic training at Camp Chaffee, Ark.

Houston Requests Portions Of Trinity River Act Removed

In a joint statement released March 16, Houston Chamber of Commerce President Ben C. Belt and Mayor Roy Hofheinz expressed concern over certain aspects of the Trinity River Authority Act now being considered in the state legislature.

The statement pointed out that no city or town could take water from the Trinity River without permission of the proposed Authority. Under present laws, appropriations of water are made by the State Board of Water Engineers.

Another provision of the Act drawing criticism is the section which would force towns and cities relying on Trinity River dams not only to maintain normal flow of the river, but to augment it. As much as 280,000 acre feet of a city's domestic water supply, conserved from flood waters by a dam, could be given away by the Authority to downstream users. This is more water than is stored in the present Lake Houston.

The statement concluded that these provisions would make the cooperation of a municipality in the construction of a dam on the Trinity River impossible, and urged their removal from the bill.

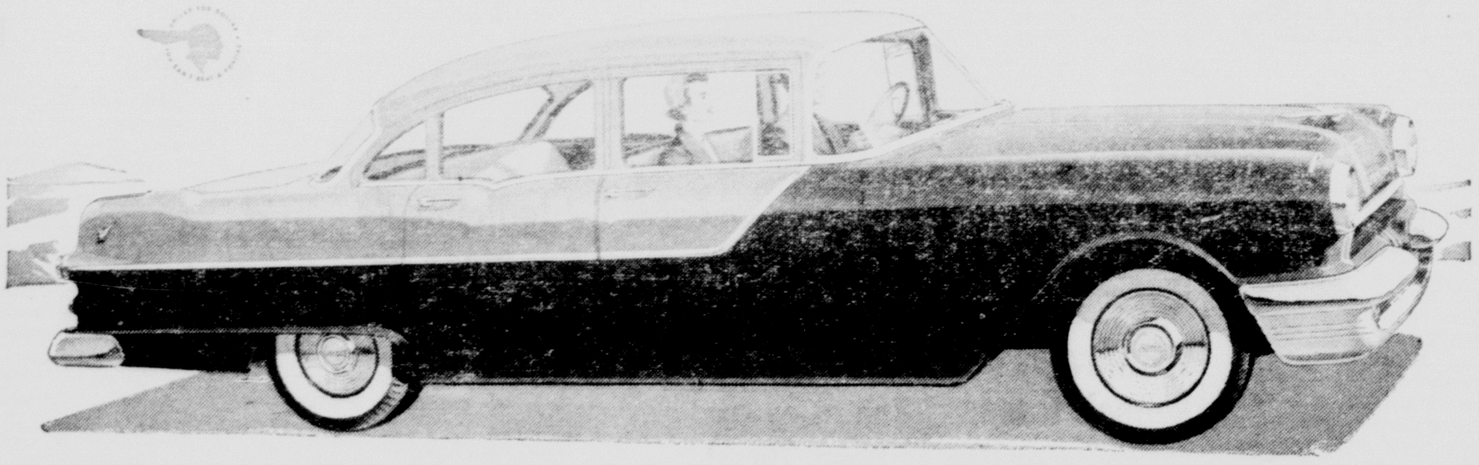
This District Leads In Boy Scouts Signed To Attend Camp

In preparation for summer camp at Camp Tahuaya the new Boy Scout District made up of Milam and Falls counties is leading all other districts in the Heart of Texas Council in advanced unit reservations for summer camp.

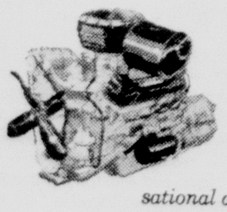
Units from Cameron that are signed up for summer camp include Troop 52, Joe Humplik, scoutmaster, sponsored by the Knights of Columbus; Explorer post 55, Father Leonard Buxkemper advisor, sponsored by the St. Monica Parish and Scout Troop sponsored by the First Methodist Church, Allen Dodson, scoutmaster.

Also both the Boy Scout Troop and Explorer Post sponsored by O. J. Thomas School are signed up for summer camp.

Most Powerful Car at its Price!



Come in and try the sensational performance of Pontiac's 200-HP Strato-Streak V-8!



If all the talk about horsepower has left you confused, let this one simple fact set you straight.

Model for model, the sensational all-new Pontiac Strato-Streak V-8 delivers more horsepower per dollar than any other car in its field.

And that holds good whether you specify the four-barrel carburetor—a low-cost option that puts 200 eager horsepower under Pontiac's handsome hood—or the regular 180-horsepower Strato-Streak V-8.

The Strato-Streak V-8 engine, part and parcel of every Pontiac at every price, produces performance as fresh and distinctive as Pontiac's years-ahead Twin-Streak styling and Vogue Two-Tone beauty—and delivers it with traditional Pontiac dependability and the greatest economy in Pontiac history.

But Pontiac's extra value doesn't stop with power. Its Shock-Proof chassis, wide-stance rear springs, long 122" or 124" wheelbase, recirculating ball steering and bigger brakes provide comfort and handling you'd expect only in the costliest cars.

Come in soon and personally road-test Pontiac's spectacular Strato-Streak V-8 performance.

It won't take you long to see why Pontiac sales are at an all-time high!

You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped, economy models of higher-priced makes!

Look high and low... and you'll go Pontiac

Five Bills On Vet Land To Be Heard

Five bills designed to strengthen the veterans land program will have public hearings before the House State Affairs Committee this week.

One of the bills, by Rep. Dolph Biscoe of Uvalde, describes the land program as having been of "great benefit to the state". The program's true purpose has been clouded by "unscrupulous promoters," it says.

Briscoe's position contrasts with that of some members of the House Special Investigating Committee which recommended last week that the Legislature consider whether or not the program should be "liquidated" as soon as practicable.

Briscoe will have three bills before the committee at 7:30 p. m. Wednesday:

HB 341 would not only require appraisals of all land purchased by the land board but also approval of the appraisal by a commission of county officils where the land lies.

HB 384 requires that one half of the money realized from the lease on conditional sale of land bought through the board must be paid to the board for the purpose of retiring the loan on the land.

Briscoe's third bill, HB 385, requires hearings before a board of examiners on all transactions whenever four or more vets wish to purchase land from a single dealer.

A bill by Rep T. W. (Buckshot) Lane of Wharton seeks to re-write the composition of the veterans land board.

Under Lane's proposal the veterans land fund would be administered by a veterans land commission staffed by the commissioner of the General Land Office, and two private citizens appointed by the governor with the consent of the Senate.

Truman Pembroke is in J. C. Connally Air Base Hospital where he will remain several days for observation and treatment. Mrs. Pembroke reported that he is doing fine.

Pearl Brewery's new quart size, one-way bottles of Pearl Beer are inspected by H. B. "Pat" O'Brien, general sales manager and Datus E. Proper, vice president and general manager of Pearl Brewing Company, San Antonio, Texas.

Pearl Brewing Company, San Antonio, announced the addition of the new quart size (full 82 ounces) non-returnable bottles, which will be marketed in retail outlets over the State.

Datus E. Proper, Vice-President and General Manager of the Pearl Brewing Company said: "Surveys have long proved that the public wants variety, economy and convenience in the products they purchase. We believe these quart (full 32 ounces) non-returnable bottles of Pearl will meet favor with the buying public."

H. B. "Pat" O'Brien, General Sales Manager of the Pearl Brewery, said: "In keeping abreast of current marketing and merchandising trends we find that there are few products that are not available in a large family King-size or Economy size package, so Pearl goes to quarts. Our new quart size is especially convenient for TV because it contains four eight-ounce glasses of Pearl Beer which provides our consumers with an extra bonus of convenience, economy and enjoyment. The public will like this quart bottle because of its quick cooling action and its ability to stay cold longer."

J. Wayne Green, eminent Trichologist, demonstrates causes of baldness and how it can be prevented

How To Have Hair For A Lifetime To Be Demonstrated Here By Famous Trichologist Offer Written Guarantee

An exclusive interview by Seven Bright

WICHITA (Special) — J. Wayne Green, Director of Rogers, Inc., Hair and Scalp Specialists, exploded the 'myth of baldness' today in an exclusive interview.

"Baldness is unnecessary, costly, and a plague to mankind," says Green. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Rogers method of hair and scalp treatment can prevent baldness—can turn colorless fuzz into healthy, growing hair — can make you look youthful again."

Demonstration To Be Held in Cameron, Texas

This revolutionary method of home treatment for the hair and scalp will be demonstrated in Cameron, Texas, Friday ONLY, April 1, at the Cameron Hotel. Trichologist E. L. Hicks will conduct the private, individual interviews from 12 noon until 9:00 P.M. on Friday ONLY. There is no cost or obligation, and you need no appointment.

Reasons For Baldness

"There is always a reason for baldness," continued this nationally known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness, or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair." Men, and yes, women too, walk the streets today, completely devoid of nature's greatest ornament — hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up. "The simple answer," emphasized this expert, "is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If this were the case, baldness would be a rarity today!"

Heredity Not Involved

Trichologist Green dodged no issues. He quickly took up the most widely spread theory of baldness -heredity. "Mankind's un-realistic belief that baldness is hereditary stems from a misintepretation of the theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp." The purpose of the Rogers Hair and Scalp Clinic is to teach the methods of strengthening the weak scalp and nourishing it to a healthy vigorous condition. "A healthy scalp will grow hair if it is not already completely bald," assures Green.

Is There Hope For The Completely Bald

In his travels throughout the United States and Canada, Green has collected hundreds of testimonials of his ability to develop weak fuzz into healthy, mature hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Green is quick however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Green, "that no person who is completely bald hold any hope whatsoever of regrowing hair. If there is any fuzz at all, we can restore a healthy scalp condition and the hair will grow normally again as nature intended."

Offers A Guarantee

"Rogers, Inc., America's Foremost Hair and Scalp Specialists, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with results at the end of 30 days, the money invested will be graciously refunded," pledged Green. "We must have satisfied clients. We must grow hair. After all, it is our best advertisement."

Is Your Hair Healthy?

If you have a scalp disorder, or if you are worried about your hair, call Trichologist E. L. Hicks at the Cameron Hotel in Cameron, Texas, Friday ONLY from 12 noon to 9:00 p.m. The public is invited. The examinations are private and open to men and women. You do not need an appointment, and you will not be embarrassed or obligated in any way.

BRIDE - ELECT — Mr. and Mrs. E. L. Rutherford of Rockdale announce the engagement and approaching marriage of their daughter, Dorothy, to Louis Absnaider, Jr., son of Mr. and Mrs. Louis Absnaider, Sr., of Cameron. A May wedding is planned by the couple.

Girl Scout Camp Texlake To Open Seven Week Season June 11

On June 11, Girl Scout Camp Texlake on Lake Travis will open a seven week camping season. All Girls from 7 through 17 who live in the nineteen county Texas Colorado Lakes Council area, may attend this summer camp now operating for the 8th year. A wide choice of dates, from which to choose, and a full program of fun and activity, promises to make this one of the most successful summers at Camp Texlake.

Camp folders, with all detailed information, will be distributed to all girl scouts and brownies starting April 1. However, any girl not a scout, wishing to attend Texlake, may get a folder by writing The Girl Scout office, 1801 Nueces, Austin 1, Texas.

There are two sessions of three weeks each of primitive camping for senior girls, starting on June 11 and July 2.

The counselor in training course is a four week session. This is the second year of the training. These dates are June 25 to July 23.

The camping program is geared to include the entire girl scout family, brownies, intermediates and seniors. The seven basic skills of the out-of-doors, as well as wholesome citizenship, will be stressed in the camping program.

Adventures in hiking, cookouts, swimming, boating, fishing and other activities are planned for campers at Texlake. In addition, senior scouts may also enjoy archery and pioneering.

Burlington School System Praised For High Standards At Recent Dedication Program

Several hundred persons were welcomed to the Burlington Public Schools open house and dedication program Sunday afternoon, March 13, by J. Fred Hodges, principal of Burlington School.

Hinton H. Pruett, superintendent of schools in Milam County, said in the dedication address that throughout Texas the trend in education is toward consolidation of public rural schools. But Burlington is to be highly commended, he pointed out, for pioneering in providing excellent education and educational facilities in the local community. He praised Mr. and Mrs. Hodges who have taught 24 years in the Burlington school the school board, the patrons of the school, and citizens of the community for their untiring efforts and spirit of cooperation in this pioneering enterprise.

R. C. Davis, representing Rosebud Public Schools, assured the boys and girls that a warm welcome awaits them when they come to high school in Rosebud, because of the splendid record the Burlington pupils have made in previous years in Rosebud High School. Davis complimented them upon their outstanding scholastic ability based upon the fundamental skills which they had received from Mr. and Mrs. Hodges, the students' high regard for authority, their well-integrated personalities, and their consistent examples of good citizenship.

Construction of the new school was begun last fall and was completed about two weeks ago, Dennis Klein, president of Burlington school board stated. Much of the lumber from the old school building was used in the construction of the new unit which is valued at $35,000.

The school building was designed to accomodate three separate activity centers: teaching area, cooking and eating area, and living area. The teaching area contains two large classrooms which are separated by textbook storage space, coat closet space, restrooms, and a connecting hall. Each classroom has its own drinking fountain, restroom facilities, cupboards, and book and display shelves. The walls and chalk boards are finished in a soft green which reduces glare and lessens eye strain. All chairs and desks are new and are scientifically designed to fit the pupils of the various age groups. Attractive draperies are hung to further enhance the utility and beauty of the classrooms.

The cooking and eating area provides space for the preparation and serving of the noon meal. The lunchroom has formica-topped tables and colorfully curtained windows. The adjoining kitchen is fully equipped with new electrical appliances including a double oven range, a refrigerator, and a large deep freeze unit. An ample pantry room provides adequate storage space. Approximately 45 meals are served each day, Mrs. Hodges stated.

The living area, or teacherage, contains a large living room, kitchen, two spacious bedrooms and a private bathroom. The bedrooms each have double closets with sliding doors which once graced the original school structure. The bathroom and kitchen both have many built-in storage conveniences. A long, wide covered concrete porch extends the entire length of the building.

The school chorus sang "America the Beautiful" and "Dear Hearts and Gentle People." Rev. Lewis W. Newman, pastor of Burlington Baptist Church, prayed the invocation and Rev. Michael O'Regan, pastor of St. Michael Catholic Church, read selected Psalms. The audience sang "God Bless America" preceding the dedication song, and "Bless This House", which was sung by Lester B. Schreiber of Temple.

Dennis Klein introduced the Burlington school board members and conducted the building visitation following the dedication service.

DAV To Have Regional Meet

The Disabled American Veterans of Region 3 will convene in Palestin, Texas on April 16 and 17 with the O'Neal Hotel as headquarters. All chapters and auxiliaries are urged to be represented at this time as the election of Region officers for the forthcoming year is scheduled.

Dogwood Chapter 63 and Auxiliary who will be hosts for the occasion have planned a tour of the "Dogwood Trail" as part of the entertainment.

A registration fee may be expected to cover the entire program.

The Red Cross Blood Donor Service was started on February 4, 1941, when voluntary donors were recruited by the New York Chapter.

Mrs. L. Stecker Hostess To 42 Leisure Club

Mrs. Leo Stecker was hostess to the 42 Leisure Club Thursday afternoon, with the theme of the party set in St. Patrick's Day decor.

Arrangements of purple iris were placed at vantage points through the rooms, with a central arrangment placed on the dining table.

High score prize went to Mrs. Charles Payne, with Mrs. Leo Fuchs placing second high.

Table cuts went to Mrs. P. L. Bergum, Mrs. John Matyastik, and Mrs. Richard Hollas.

Mrs. Charles Payne was the 84 winner.

Mrs. Charles Payne was the 84 winner.

Refreshments of ice cream and cookies, decorated in green, were served by the hostess and her sister, Miss Bessie Marak who was a visitor at the meeting.

Their next regular meeting will be on March 31 in the home of Mrs. L. F. Slama.

Irene B. Vybiral Engagement Is Announced

Mr. and Mrs. Ben Vybiral of Route 1, Cameron, announce the approaching marriage of their daughter, Irene Betty, to Henry A. Kluck, son of Mr. and Mrs. Otto Kluck of West, Texas.

The wedding will take place May 7 in St. Mark Luthern Church, Waco, Texas.

Mrs. Lottie Bigbee Has New Great-Grandson

Mr. and Mrs. William (Billy) Bigbee of Bel Air are the parents of a baby boy, born at 8:10 a. m. March 16.

The new son has been named Thomas Ripley.

Maternal grandparents are Mr. and Mrs. Sherwood Cook of Palestine and Paternal grandparents are Mr. and Mrs. E. A. Bigbee of Palestine.

Mrs. Lottie Bigbee, of Cameron, is the great-grandmother.

S. S. Representative Here March 29

The regular visit of the Social Security Representative to Cameron, Texas, will be Tuesday, March 29, 1955.

The public is invited to contact this representative at the Department of Public Welfare at 1:00 pm.

This community service is offered by the Austin office of the Social Security Administration for the convenience of residents of this area.

Ideal Hatchery Rates High In National Tests

The Council of American Official Poultry Tests announced the results of a three year test, on which the Ideal Poultry Farm received a high rating among the top Poultry dealers from all over the United States.

The Ideal tests as compared with the average is as follows: (1) Number of bird entered: (average) 114 —Ideal —52; Points per bird: —Average — 236.8, Ideal — 257.8; Eggs per bird: Average — 228.4, Ideal — 241.3; Per cent mortality —Average — 14.1, Ideal — 5.8; Average egg size per dozen — Average — 24.8, Ideal — 25.3.

These results show conclusively that the Ideal birds and production compare favorably with all the birds entered in the tests.

Leo Fuchs and his family have been operating the Ideal Hatchery for the past 17 years in Cameron.

John Henderson U. T. Student Made Silver Spur Member

John Burns Henderson, Jr., of Cameron was recently invited to be a member of the Silver Spurs, honorary service organization for men at the University of Texas.

Henderson, a pre-law student, is the son of Mr. and Mrs. John Henderson. He is a member of Phi Kappa Psi social fraternity.

3,713 Texans Go Into Service; 5,755 Released

A total of 3,713 Texans entered the armed forces in February, 5,755 being separated during the same time, a report from the office of Brigadier General Paul L. Wakefield, state Selective Service director, revealed Thursday.

Of the 3,713 entering the uniformed services, 3,100 went in by enlistment or some other voluntary basis. The remaining 613 entered service through the state's 137 draft boards.

State Selective Service sent 329 men to the army's examining stations during February for pre-induction examinations. A total of 115 was found unacceptable by the army because of failure to pass mental, physical, or moral requirements. The rejection rate, about normal, was 35 per cent.

"The law makes acceptance or rejection of men for military service the responsibility of the Department of Defense and not Selective Service," General Wakefield commented. "Draft boards, guided by law and regulations, are responsible for deferments and exemptions he said.

During February five doctors were sent for examinations under the doctor's draft law, four being found acceptable for service. Two dentists sent for examination were found unacceptable.

In January, 5846 Texans entered the uniformed services, 5,856 being separated during the same period.

Doyle Cox of Milano visited in Cameron this week.

Beef Briefs

Insects continue to do damage in grain fields over the state.

The oat mite and the greenbug are at work in many fields.

Parathion, malathion and TEPP can control these insects. County agents know the right amounts to use and will answer all questions on control.

Texas Beef Council officials will make a six-months' progress report at the annual meeting of the Texas & Southwestern Cattle Raisers Association in Dallas in March Surveys among packers and retailers throughout the state indicate the program is on the right track, is definitely hiking consumption of beef in the Lone Star State.

The Texas citrus crop, which made somewhat of a comeback this year, isn't turning out as well as was expected, crop reports show.

Production of oranges is placed at two million boxes, grapefruit at 3.2 million boxes.

The February freeze didn't do any damage and a good 1955 bloom is expected.

The Beef Council must be doing a good job in its beef promotion. The State Republican Party had a dinner in Dallas last month, charged $100 per plate, served beef, sold 900 tickets. The Democrats followed with a dinner could only get $50 a plate for guinea hen, attracted only 600. Note to Texas Democratic leaders: how many votes did you get last August from the guinea hen industry?

Texas farmers are going all out this year to produce the highest per acre yields on cotton in the state's history.

The reduction of cotton acreage due to the government support program is brining home to farmers the need to make every acre count.

In this move the goal is 300 pounds of lint cotton per acre. Only once before has the state made this kind of yield and that was right at the end of the War Between the States.

Wise use of fertilizer, insecticides and better farming methods will pay off this year, cotton experts point out.

A possible new use for the "useless" mesquite:

Researchers at the Texas Agricultural Experiment Station at Spur got two steers on a fattening test to eat eight pounds of finely ground mesquite chips along with two pounds of cottonseed meal, two pounds of grain and two pounds of molasses. A couple of other calves ate six pounds of cottonseed hulks with the same concentrates.

This experiment isn't completed yet but it bears watching.

Paul Burke On USS Princeton

Paul C. Burke, aviation ordnance man second class, USN, of Davilla, Texas, took part in the evacuation of the Tachen Islands recently while serving aboard the USS Princeton in the Far East.

The Princeton, designed for anti-submarine warfare, was operating with the 7th Fleet during the week-long redeployment of Chinese Nationalist Forces.

The big carrier is now on her fourth cruise in the Orient.

Mrs. Hughes Speaks To DAV

"Not every person is capable of operating with safety, at the maximum speed, so we must be able to recognize this in ourselves as well as our family members and gauge our activities accordingly," Mrs. Alice Hughes, Milam County H. D. agent told members of the their March meeting Tuesday evening when she was guest speaker.

Sam Tyson D. A. V. Auxiliary at

Her subject was Safety on Life's Highway and, her highway signs to illustrate points was very impressionable.

The Auxiliary's next meeting will be the third Tuesday in April and each member is asked to attend.

Many attempts at reseeding rangelands have not been successful. Reseeding has failed because planting was done at the wrong time; improperly prepared seed beds; lack of seedling protection and weed control and grazing before the new plants become well established.

Walter Marek, Jr., Postmaster at Burlington was a business visitor here last week.

Negro Fined $25. For Threatening Telephone Operator

March 17 might be as lucky as a four-leaf clover, but not March 16....not for Henry McInnis, colored man from Louisiana, anyhow.

He arrived in Cameron late Wednesday evening, and having been arrested here once before, seemingly supposed he would be again. So he called a telephone operator, informed her he was back in town and that he would cut her throat if Sheriff Black heard he was back.

He was fined $25.00 that same evening in Judge B. G. Rice's, Justice of the Peace, court for threating the operator.

From April, 1944, to July 31, 1954 the American Red Cross prepared and donated 18,114,656 cubic centimeters of gamma globulin to State Health Departments and the Office tribution to physicians for use in of Defense Mobilization for free distribution to physicians for use in the prevention or modification of measles and the treatment of infectious hepatitis.

D. D. Driscoll of Burlington visited business here Wednesday.

PIANO BARGAIN!

We have a beautiful Spinet Piano in this vicinity which we would like for some responsible party to take over for balance due.

NO MONEY DOWN

All we ask is for you to make up the past due installment and continue the same easy terms. This is your opportunity to get a piano at a bargain! Act now before we send our truck for it. If interested, please write, wire or phone at our expense.

From where I sit ... *by* Joe Marsh

Finally Talked Herself Out

A certain talkative young lady almost spent a night locked in "Doc" White's drugstore.

She entered Doc's store about 11 PM, going directly to the pay phone. At eleven-thirty Doc went home—not having seen a customer for a half hour. Around midnight he got a call from the store ...she had *finally* run out of conversation (and money) and found the front door locked tight.

Doc vowed he'd leave her there to teach her a lesson. But Mrs. W. spoke up: "Now you go turn her loose. It's hard to cut a good conversation short — something only a woman understands!"

From where I sit, however, plenty of men are as hard to pry away from a telephone as any female. Some people are just naturally long-winded, while others are the silent type—just as some of us like coffee and others prefer a glass of beer. The important thing is to be *considerate*...before friends start giving us the "busy signal."

SEE THEM FRIDAY! *New Chevrolet Task-Force Trucks!*

It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!

Now Chevrolet introduces "Work Styling"—an exclusive development in truck design. Plus new engines—new capacities—new Overdrive and Power Steering—new features and advantages throughout.

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!

New styling in trucks

Fleet, functional styling that fits your job! For the first time in any truck line, *two* distinctly different styling treatments are offered—one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet Task-Force truck will be a profitable advertisement-on-wheels for you and your business!

A new outlook for the driver

Truck driving was never like this! The new Flite-Ride cab is everything a driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel and controls are the last word in convenience!

Six new "high-voltage" engines

With a new 12-volt electrical system for quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.

And much more that's new

Like new High-Level ventilation . . . tubeless tires, standard on ½-ton models . . . Power Brakes* for all models, standard in 2-ton models . . . new 18,000 lb. max. G.V.W. in 2-ton models. And there's a new choice of transmissions, including new Overdrive* and Hydra-Matic*. New Power Steering* for all models. Come in and see the newest things in trucks!

**Optional at extra cost. Overdrive available on ½-ton models. Hydra-Matic on ½-, ¾- and 1-ton models.*

In The House of Represenataives

by Herman Yezak

Mar 14-18. Another bill was defeated on the floor of the House this week. The bill would allow the State Highway Department to build loading ramps for boats at launching sites near highways. The measure was attacked on the basis that it would benefit sport fishermen.

Mayor Roy Hofheinz of Houston was a speaker during a luncheon attended by a majority of House members. He made an excellent talk.

The bill creating the Trinity River Authority is ready for consideration. The measure proposes to make Trinity River navigable to barges and to benefit industrial areas along its watershed.

The major tax proposals pending before the Revenue and Taxation committee include a green stamp tax, cigar tax, one cent tax increase on a package of cigarettes, place filling stations under the chain store tax, increase gasoline tax by two cents per gallon, tax every telephone pole fifty cents annually, increase tax on beer, add more tax on natural gas, and a processing tax on a gallon of gasoline.

The new probate code was approved by the House Wednesday. The bill had the support of lawyers and others throughout the State. The measure codifies into one code laws from seven scattered places in the statutes.

A bill to provide a new corporation code received favorable consideration by the House and the measure is up for final passage.

The general appropriation bill was taken up by the House on Thursday. The bill provides funds for the operation of the state government for the next two years. The House worked all day on the bill.

On Tuesday afternoon, the House passed seventy-one local and uncontested House and Senate bills.

Hubert C. Petry, Jr. of Carrizo Springs is a new member on the Highway Commission. He replaces Robert C. Potts of Harlingen and formerly from Waco.

The bill abolishing the dual method of voting was approved by a House committee. The measure would abolish the squares before the names on the ballot and reinstated the scratch method of voting.

The House Special Investigating Committee that is investigating the irregularities in the Veteran's Land program made its first report to the House. The committee recommended to the House to consider the liquidation of the program.

A bill was introduced for the State Auditor to audit all records in the Land Commissioner s office since January 1, 1939 to date. Such audit would include all transactions regarding the leasing and sale of lands by the Land Commissioner.

Camp Tahuaya Looks To Greatest Season

More than 1,000 Boy Scouts and Explorers are already planning to participate in the greatest summer camping season at Heart O'Texas Council's Camp Tahuaya according to the latest reservation figures available, Col. Sterling Wright, Council Camping & Activities chairman, announced this week.

"We have the greatest number of Troop reservations in the history of both the Council and Camp Tahuaya," Col. Wright said, "and we are rushing work on detailed preparations to serve this record number of Scouts and Explorers."

"Construction of new facilities at the Camp is being rushed, so that the renovated swimming pool, new water system, new trading post-warehouse Building, Health Lodge, Camp Office, and completely new Dining Lodge will not only be ready for the opening day of Camp, May 29, but will be ready for our annual open house, and dedication ceremonies, which will be held a week before," Col. Wright added.

A highlight in the plans to make 1955 the biggest and best year Camp Tahuaya has ever known, is the scheduled Camp planning conference, to be held at the Camp on Sunday afternoon, April 24. This is the second year for this event, which has proven to be a key to success in the planning of summer camp for the troops which participate in the program. At this meeting, detailed plans will be laid out by the Souctmasters of the Troops which will be in Camp each week. This procedure will smooth the rush of opening day of each week, as each troop knows in advance what it will be doing each day of its week in Camp.

Regular camping schedules have been set up at Camp Tahuaya for eight weeks of summer camp program from May 29 to July 23. Eleven troops per week can be handled with current facilities, for a total potential attendance of 88 troops from the nine-county council. As of this week, 77 of these 88 spaces have already be reserved.

In addition to the eight weeks of regular summer camping program available at Camp Tahuaya, the Council will repeat its one-week Aquatic School for Explorers from July 24-30; hold a one-week pioneer camp, during which all cooking and other meal preparation must be done by the Troops in Camp, July 31-August 6; and two weeks of Cub Scout Day Camps, during which cub scout packs may use the Camp during the daylight hours for Cub-Dad outings, etc; July 24-30; hold a one-week pio-Lodge, order of the Arow, will hold its summer convention at Camp Tahuaya, August 12-14.

Troops holding reservations from the five district and two divisions of the council, as of March 15, were:

FALLS-MILAM COUNTY: Troops sponsored by Knights of Columbus, Methodist Men's Club both of Cameron; St. John's Methodist Church and First Christian Church both of Rockdale; Sharp Rural High School Sharp, Rosebud Methodist church, Rosebud; St. John's Episcopal Church, First Baptist Church, First Methodist Church all of Marlin.

EL-Mi-ROSE DIVISION: Troops sponsored by Aycock School, Rockdale; O. J. Thomas School, Cameron; Phyllis Wheatley School, Temple and T. B. Harris High School, Belton.

"A detailed camping and activities bulletin will be sent to all Scout Troops and explorer units in the Heart O'Texas Council, outlining the details of the council's summer camping opportunities," Col. Wright concluded, "and we hope that all Scout Units will take the fullest possible advantage of the facilities made available to them by the council."

ANNOUNCING

The arrival of a daughter, Wanda Elaine, born to Mr. and Mrs. George Deer at Alice, Texas. The new arrival was born February 24, 1955 and weighed eight pounds and eight ounces at birth. Grandparents are Mr. and Mrs. Ross Yates of Alice and Mr. and Mrs. Sam Deer, who made their home in Cameron for more than thirty years, moving to Alice last June.

Mr. and Mrs. Jim Miller and children of Houston visited friends in Cameron over the past weekend.

Mrs. F. G. Karnowski and daughters, Pamela and Cynthia, of Alcoa, Tennessee, are visiting her parents, Mr. and Mrs. Frank Michalka and her husband's parents, Mr. and Mrs. Frank Karnowski.

Mr. and Mrs. J. M. Terry visited their children, Mr. and Mrs. James M. Terry, Jr. and children, Jim and Ricky and Mr. and Mrs. Fred Lange and Ann Sunday in Houston.

THIS IS ABOUT YOU AND YOUR TELEPHONE SERVICE

People talk more than ever over improved facilities . . . rural service improved

Just released, the telephone company's annual report for 1954 tells the story of 58,000 Southwestern Bell people working together as a team to bring you faster service, expanded service, courteous service. Here are some of the things they did to improve your telephone service.

ON THE "GROWTH" FRONT

Millions of miles of wire were built into the system, most of it in the form of stormproof aerial or underground cable.

Telephones in 85 communities were changed to dial operation. More service, improved service was brought to rural areas.

At the year's end, 200,000 more telephones were in service than in 1953. More requests for private and two-party lines were filled than ever before.

DOLLARS AT WORK

Growth like this costs money — $173½ million in 1954. Added to telephone payroll dollars spent locally and the taxes paid by the company, these "growth" dollars contributed much to the prosperity of each of the communities in Arkansas, Kansas, Missouri, Oklahoma and Texas served by Southwestern Bell.

Last year, you talked more by telephone than ever before. You made an average of 25 million local calls and half a million Long Distance calls every day—about double the number of calls just ten years ago.

INVESTMENT, EXPENSES UP

The company took in more money — but paid out $15 million more than in 1953 for the expenses of providing good service. This is to be expected. As more money is invested in new telephone facilities, the day-to-day costs of operating a larger system grow.

The balance of expenses against income is watched closely because only a financially sound telephone company can keep service growing to meet the needs of this and hundreds of other communities in the progressive Southwest.

BRIGHT PROSPECTS FOR '55

This year promises to be another good year for telephone customers. Further improvements in your service are planned. Still more homes and businesses will be added to the growing circle within reach of your telephone . . . making your telephone even more valuable.

SOUTHWESTERN BELL TELEPHONE CO.

Meeting Slated For Friday Night By Library Board

Friday night of this week a meeting has been called by the Library Board of representatives of various organizations in town for the purpose of canvasing Cameron for memberships to support the library.

This will be a door to door canvas covering the entire city and it is hoped that attention and interest of the community will be aroused in this fund raising campaign for the library.

A membership is not necessary in order to take books from the library. These memberships are simply to sustain an interest on the part of as many citizens as possible.

The meeting will be held at the Episcopal Parish House at 7:30 pm

CARD OF THANKS

We wish to express our sincere appreciation to all our friends and relatives for the many acts of kindness shown us during our recent bereavement.

Your kindness and sympathy are more deeply appreciated than any word of thanks can ever express.

May God Bless all of you.

Family of Steve Salach, Jr.

IN MEMORIAN

In memorian of our dear son and grandson Otis Ray Rogers, who was killed 26th, March, 1954. A wonderful son and grandson who was honest and kind was loved by every one who knew him a wonderful worker so loyal and true who has gone on be with Jesus, we trust.

Mr. and Mrs. Keeso Rogers
Grandmother, Mrs. Sudie Rogers.

Two New Positions Recommended For Local Draft Board

A Special Committee composed of County officials and representatives of Veterans Organizations throughout the county met in the local draft board offices on March 20, for the purpose of recommending to the State Director of Selective Service names of qualified persons to fill two new positions of the county be represented on the membership on the present board board member thus increasing board.

Following approval by the State Director, the recommendations will be forwarded in turn to the Governor and President, who makes the appointment.

August G. Kunz, Chairman of the board, led the discussion and read the Selective Service Regulations pertaining to appointment of board members. Mr. Kunz expressed his appreciation to those present for their attendance and interest.

Ever wonder what crop is grown in more counties than any other? It's corn, which is produced in some amount in every county in Texas.

Bids On Paving Cameron-Hanover Road Revealed

Low bids on highway projects in Bell and Milam counties were revealed Tuesday by the highway department in Austin.

The Milam county project was 7.5 miles on Farm Road 2095 from U. S. 77 south of Cameron to Hanover. The job calls for grading, structures and paving. R. C. Buckner of Jacksonville bid low at $115,525.

The Bell county job was for 14.4 miles of paving on U. S. 81 from the Williamson county line to Belton. Jeff Richards of Clifton submitted the low bid of $77,727.

Girl Scout Camp Texlake To Open Seven Week Season June 11

On June 11, Girl Scout Camp Texlake on Lake Travis will open a seven week camping season. All Girls from 7 through 17 who live in the nineteen county Texas Colorado Lakes Council area, may attend this summer camp now operating for the 8th year. A wide choice of dates, from which to choose, and a full program of fun and activity, promises to make this one of the most successful summers at Camp Texlake.

Camp folders, with all detailed information, will be distributed to all girl scouts and brownies starting April 1. However, any girl not a scout, wishing to attend Texlake, may get a folder by writing The Girl Scout office, 1901 Nueces, Austin 1, Texas.

There are two sessions of three weeks each of primitive camping for senior girls, starting on June 11 and July 2.

The counselor in training course is a four week session. This is the second year of the training. These dates are June 25 to July 23.

The camping program is geared to include the entire girl scout family, brownies, intermediates and seniors. The seven basic skills of the out-of-doors, as well as wholesome citizenship, will be stressed in the camping program.

Adventures in hiking, cookouts, swimming, boating, fishing and other activities are planned for campers at Texlake. In addition, senior scouts may also enjoy archery and pioneering.

The Red Cross Blood Donor Service was started on February 4, 1941, when voluntary donors were recruited by the New York Chapter.

Raymond Green Celebrated His Second Birthday

Raymond Craddock Green celebrated his second birthday Sunday March 6. After his Sunday school story "Two Good Friends" was told at the First Baptist church in the nursery number 2 class room, the table was laid with a "Happy Birthday" cloth, napkins and trays. A drum cake decorated

Raymond Craddock Green

in green was cut and served to each little member with ice cream. Favors were colored ballons and bubble gum for Ann Arthur, Georgena Anderson, Elizabeth Kirk, Don Ward, Albert Magness, James Pool, David Swift, Edward Whitley and the teacher, Mrs. LaVert McKinney. Mrs. Green assisted in the serving. This group joined nursery number 3 for song singing. Raymond Craddock sat in the "Birthday Chair", put pennies in the bank and was given the "Birthday Bluebird".

He was the honored member at the noon hour Sunday with his parents Mr. and Mrs. Raymond Green, grandmother, Mrs. R. B. Craddock and aunt, Mr. and Mrs. R. A. Swanzy. In the afternoon his great uncle, Mr. and Mrs. Raymond Crosby called to wish his "Little Buddie" a "Happy Birthday". Another drum cake decorated in green was served with coffee. Colored pictures were taken during the day while Raymond Craddock enjoyed his gifts and cards.

Milam Nurses Hold Election Of Officers

Milam County Nurses' Association met recently in Rockdale at the home of Mrs. Jesse Bankston.

New officers were elected. They are: Mrs. A. A. Urban, of Rockdale, president; Mrs. F. E. Jackson, of Cameron, vice-president; Mrs. Pete Mikula, of Cameron, secretary-treasurer; Mrs. W. C. Wallace, of Cameron, reporter.

It was decided that the Nurses' Association was to meet four times a year and the dates were set for these meetings.

A discussion of their Red Cross Disaster Program was begun by Mrs. Don Humble, who heads this program in Cameron.

There was discussion of the newly organized Milam County Tuberculosis Association.

A contribution of $10. was voted to aid the school nurse, Mrs. Jackson, in getting visual charts needed to test eyes in the schools.

There were 11 registered nurses present from Cameron and Rockdale.

Cpl., Mrs. Humphreys At Home In Belton Following Wedding

Cpl., Mrs. Humphreys

Cpl. and Mrs. James C. Humphreys are at home in Belton following their wedding March 2 at the 50th Street Chapel at Fort Hood.

Lt. Col. (Chaplain) Claude Ingram read the military nuptial vows.

The bride, who is the daughter of Mr. and Mrs. J. P. Sapp of Cameron, wore her army uniform and carried a white Bible topped with white carnations and streamers.

Pfc. Oliver Miller of Philidelphia, Penn. was the maid of honor. Best man was CWO Rafael Muniz of Portia Rico.

Following the ceremony a reception was held at the home of the bride's parents in Cameron at 611 W. 2nd street. Cake and punch was served from a table covered with a white cloth and centered with white carnations.

When the couple left for their honeymoon to various points of South Texas, the bride was wearing a blue silk suit.

Mrs. Humphreys, who holds the rank of Sgt. in the U. S. Army, graduated from Rockdale High School in 1948 and entered the service later. She served two years since that time in Japan.

Cpl. Humphreys, son of Mrs. L. C. Wardlaw of Fort Worth, attended school in Mineola and was employed with the highway department prior to entering the army two years ago. The couple is stationed at Fort Hood.

Among the out of town guests was Lt. Howard Reather chaplain at Gray Air Force Base, and cousin of the bride.

Mrs. Boecker Celebrated Her Birthday, Sunday

Relatives and friends gatnered in the home of Mr. and Mrs. Willie Ray Boecker of Waco Sunday to celebrate the birthday of Mrs. Boecker. Those present were: Mr. and Mrs. Robert Glaser and family of Cameron; Mr. and Mrs. W. F. Boecker and daughter of Temple; Mr. and Mrs. Robert Krupicka of Waco; Mr. and Mrs. Leo Glaser and sons of Cameron; Mrs August Glaser also of Cameron; Mr. and Mrs. Theodore Glaser and son of Mart; Mr. and Mrs. Wesley Stevens and son of Waco; Miss Joyce Springer of Mart; Willie Ray Hoff of Burlington; Edwin Marek of Wilson and David Glaser, grandson of Mr. and Mrs. Theodore Glaser.

Mrs. John Rummel Celebrates Birthday

Mrs. John Rummel was given a surprise birthday supper March 11 in observance of her 70th birthday.

Host and hostess were Mr. and Mrs. Otto Zuelkey.

Besides their children, also attending were Mr. and Mrs. Willie Zuelkey from Womak, Texas.

St. Rita's Circle Plan Nursery

Dr. Audrey Boyce, president, opened the regular meeting of St. Rita's Circle at SimonGeorge Hall Wednesday, March 16 with nineteen members present.

A letter from the chairman fo the Clerical Endowment Fund of the National Council of Catholic Women of the Austin Diocese, was read and all members were urged to help to secure at least one enrollment as the Burse known at Monsignor Gleisner Burse is hoped to be completed by the end of March.

It was also discussed whether a nursery could be established so more mothers could take active part in the circles work.

Mrs. Willie Mees gave a reading on the life of St. Patrick and St. Joseph, both feast days fell this week on the church calender.

Mrs. Bill Balhorn led in the recitation of the rosary.

Hostesses Mrs. E. O. Schiller, Sr and Mrs. Frank Richter, served Angel food cake and coffee.

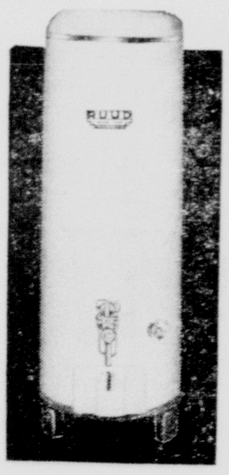
Cleaner Washes

WITH RUUD • ALCOA'S ALUMINUM ALLOY AUTOMATIC GAS WATER HEATER



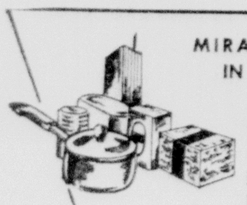
Cleaner Washes because it supplies load-after-load at tank temperature of 180 degrees — recommended for faster and more thorough dirt removal, whiteness retention and bacteria destruction! Soaps, detergents or washers cannot be blamed for dingy results when low water temperatures are used! Laboratory tests prove, *the hotter the water the whiter the wash!*

Cleaner Washes because Ruud-Alcoa withstands the greater corrosiveness of high-temperature water. Aluminum alloy tank never rusts! Water is always sparkling clean even at 180 degree settings.

Laundry Rating matches the right Ruud water heater to your particular washer. Washing becomes really automatic . . . you wash when you please, as often as you please!

$1 down

As little as $5.15 monthly! Ten year guarantee! Call or visit any Lone Star Gas salesfloor!



MIRACLE ALUMINUM — PROVEN IN HOME, FACTORY, COMMERCE

Ruud, makers of the famous Monel tank, has used thick, durable Alcoa aluminum alloy to fashion a water heater tank unexcelled for today's hot water demands.

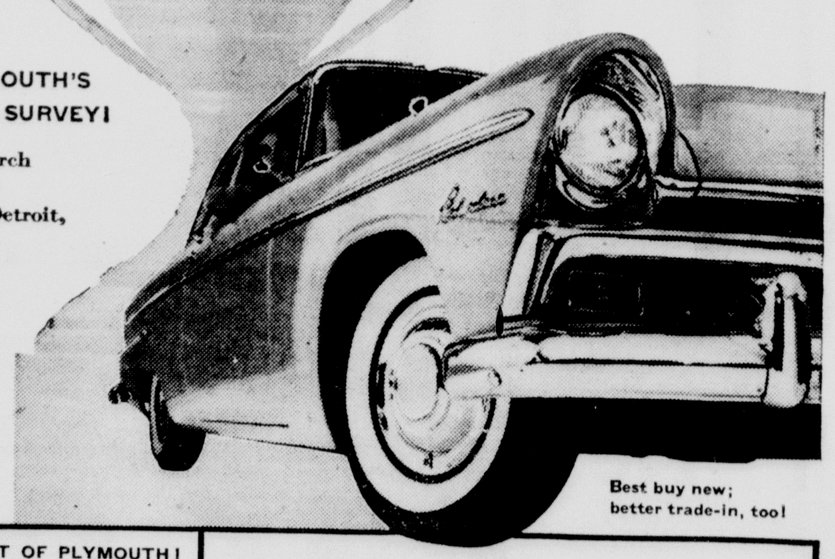
PLYMOUTH WINS
FOR 1955 STYLING
OVER "OTHER 2" LOW-PRICE CARS
BY VOTE OF ALMOST 4 TO 1



THOUSANDS PREFER PLYMOUTH'S STYLING IN NATION-WIDE SURVEY!

A well-known independent research organization asked thousands of people—in New York, Chicago, Detroit, Atlanta, Dallas, Los Angeles—to compare the appearance of '55 models of the three low-price cars. Opinions were received from men and women—from people of all ages—from owners of all the different makes of cars. The results are below.

Best buy new; better trade-in, too!

HERE'S WHAT OTHERS THOUGHT OF PLYMOUTH!

Compared with low-price car "A"		Compared with low-price car "B"	
Plymouth is better looking	62%	Plymouth is better looking	66%
Car "A" is better looking	16%	Car "B" is better looking	17%
Almost 4 to 1 in Plymouth's favor!		Again, almost 4 to 1 for Plymouth!	
(22% liked "both about the same")		(17% liked "both about the same")	

HERE'S WHY YOU'LL PREFER PLYMOUTH, TOO!

Plymouth '55—with THE FORWARD LOOK—is the only low-price car to offer you honestly new styling, instead of a mere face-lifting. It's bigger than the "other 2" cars (longer than car "A" by 8.4 inches!). It's lower and sleeker, with a host of styling advances that wins the most applause in the lowest-price field. See everything Plymouth has to offer today!

EVERGREEN FEEDS

I Gain 33 Pounds on a 100-pound bag of EVERGREEN FORMULA 77 Complete Hog Ration

"20 lbs. gain a week per hog!"

"I fed 125 hogs on Evergreen Formula 77. They weighed about 100 pounds when I put them on Formula 77. In 5 weeks they gained 100 pounds. That's about 20 pounds gain a week! I figure I get over 30 pounds of gain with every 100 pounds of feed."
Ben Lang, Lampasas, Texas

Your hogs should weigh 200-240 lbs. 3 months after weaning!

A 100-pound bag of Evergreen Formula 77 Complete Hog Ration pellets will produce more pork than four bushels of corn!

Send For FREE Booklet, Today!

Please send FREE information on how to produce 33 lbs. of pork with every 100-lb. bag of feed.

SO RICH Saves You $50 per 100 Chicks first year

Feed EVERGREEN Startgrolay

HOW YOU SAVE $50	All mash method	Startgrolay method	SAVE
Feed cost per 100 chicks first 5 months	$76	$49 Startgrolay $15 Whole Grain $64	$12
Feed cost per 100 chicks 7 months balance first yr.	$292	$155 Startgrolay $99 Whole Grain $254	$38
TOTAL	$368	$318	$50

Feed All Ages from same Bag

Start your chicks on the ONE FEED that takes them through a LIFETIME (starting, growing, AND LAYING)! You can feed ALL ages of chickens from the SAME bag of Evergreen Startgrolay!

Now Featuring COCCIDIOSIS Protection In Every Bag-No Extra Cost

MM MODERN MACHINERY RC Rotary Hoe does double duty

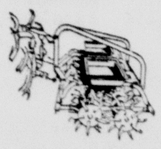
SPEEDS UP EARLY CULTIVATION

You can cultivate crops at your *fastest field speed* with the RC rotary hoe or go at slower speeds *when required.* Eighteen-inch steel digger wheels get out just-starting weeds, break up soil crust formed after rains. Your crops get a good growing start. Digger wheels rotate independently on the gang axle.

PACKS THE SOIL WHEN REVERSED

With the V-type hitch hooked at the rear, the RC rotary hoe becomes a packer. Used in this way, it gets down through trash and *packs around the seed.* Surface soil is not finely pulverized; small lumps thrown up on the surface help to prevent soil loss from drifting and blowing.

Features: All-steel construction. Each 42-inch section has two gangs of seven digger wheels with 10-inch replaceable steel fingers . . . Whether one, two, three, four, or five sections are used each section follows ground contours . . . Oil-impregnated wood bearings never need oiling . . . Deep pan weight boxes are regular equipment.



FOR 3-POINT HITCHES

Two-section RC rotary hoe is available for 3-point hitches. Lifts off ground for easy transport and turning. Fits the Minneapolis-Moline QO Hitchor and other 3-point hitches.

Stop in and see the Minneapolis-Moline RC Rotary Hoe.

20th Annual Invitational Track Meet

March 26 at Yoe Stadium

Program of Events

- Preliminaries -

FIELD EVENTS

1. POLE VAULT	10:15 a.m.
2. HIGH JUMP	10:15 a.m.
3. DISCUS THROW (Finals a.m.)	11:00 a.m.
4. SHOT PUT (Finals a.m.)	12:00 a.m.
5. Broad Jump (Finals a.m.)	12:00 a.m.

TRACK EVENTS

1. 120 Yards High Hurdles
2. 100 Yards Dash
3. 220 Yards Dash
4. 440 Yards Dash
5. 200 Yards Low Hurdle

These events will be run in the order named. No time schedule can be given, but each will follow the preceding event as rapidly as possible. In order to eliminate additional heats & semi-finals, we will select contestants for the finals according to the time they make.

FINALS

FIELD EVENTS TO START AT 7:30 p.m.

1. Pole Vault (6 men to qualify) — 7:30 p.m.
2. High Jump (6 men to qualify) — 7:30 p.m.

TRACK EVENTS — START AT 7:30 p.m.

1. 120 Yard High Hurdle (5 men) — 7:30 p.m.
2. 100 Yard Dash (8 men) — 7:45 p.m.
3. 440 Yard Dash (7 men) — 7:55 p.m.

(track events, con't)

4. 200 Yard Low Hurdle (5 men) — 8:05 p.m.
5. 440 Yard Relay — 8:20 p.m.
6. 880 Yard Dash — 8:35 p.m.
7. 220 Yard Dash (7 men) — 8:50 p.m.
8. 1 Mile Run — 9:00 p.m.
9. 1 Mile Relay — 9:15 p.m.

Units At Ft. Hood To Be Used In Atomic Test

WASHINGTON, March 16—The Army will demonstrate under an actual atomic explosion condition next month its theory that tank troops can survive and fight in nuclear warfare on the battlefield. The tank task force will be made up of units from Camp Irwin and Fort Hood, Texas.

It announced today that 55 M48 tanks will stand two miles from a tactical-size bomb burst at the Nevada proving ground, probably sometime about mid-April. In them will be their cres — four men to a tank, or 220 men in all.

The Army said that "for the first time in history, American soldiers will depend on armor protection from an atomic detonation."

The tanks will be deployed along trenches in which several hundred other soldiers huddle for protection.

The Army said that among other things the experiment "will determine how close to group zero—actual point of detonation—it (the tank task force) can maneuver."

The Army already knows, through previous tests with unmanned tanks, what the effect of atomic explosion is at varying distances from a nuclear burst.

Reasons Listed For 1954 Income Tax Refunds

F. J. Schultz of the local Internal Revenue office advises taxpayers to get their income tax returns filed early. If a refund is due, the quick you file your return, the quicker you'll get a check from Uncle Sam — much quick than if you wait until the final filing deadline of April 15.

Youmay be due a refund if your employer did not withhold the exact amount of tax due for 1954; if there was a new addition to your family last year; if you did not claim as a dependent on your Exemption Certificate, Form W-4, a child-student or a child who is under 19 years of age, who may qualify as your dependent under the 1954 Code, or if for any reason the number of your exemptions as of December 3 was greater than at the beginning of 1954.

You may be due a refund if for the reason that your deductions such as, interest on your home or on personal loans, taxes, medical expenses and other allowable deductions exceed 10 per cent of your adjusted gross income. If you find that this is the case and after the return is filed, your figures are verified by the Government and found to be correct, you will receive a refund for any amount of overpayment due. Your Government is anxious to refund any amount paid by you in excess of the amount due, whether paid through tax withheld by your employer or by any estimated tax you have paid, and desires to collect only the correct amount of tax due on your income — no more, no less

So, if you think you are entitled to a refund, fill out your return and promptly mail it to the Director of Internal Revenue. If the return is complete and correct, you'll probably get one of those greenish-blue checks within a few weeks from the date your return was mailed.

Send your return to the District Director of Internal Revenue, Austin, Texas.

29 Deaths From Rabies In 1944 - 55

Rabies control measures currently in force ir Texas are ineffective, the State Department of Health said today.

The department said a study recently concluded by Bureau of Laboratory officials reveals "current control measures have proved ineffectual in eliminating rabies from the state's dog populations."

"But," the department added, "morbidity statistics indicate those controls have been effective in preventing human cases of the disease. Only 29 human deaths have been recorded in the period between 1944-55."

Rabies abatement work in Texas should be in the hands of local authorities, the health agency pointed out.

"Although there has been considerable fluctuation in the number of rabid dogs from year to year, the overall state level of infection has remained consistently high.

"Remedial measures have not been uniformly or consistently applied. Under the stimulus of a sharp increase of animal rabies, most cities have enforced existing ordinances providing for compulsory vaccination and the collection of stray animals. But with a decline in indidence, municipal ordinances have frequently been only perfunctorily enforced."

The effectiveness of a control program in a given city is limited "without county-wide cooperation," the department said.

Complicating factors in dog rabies control have been the marked increase in rabies in wild animals, particularly foxes and skunks.

"Only 3 rabid foxes were received by the department in 1944, and they were all from a single county. In contrast, 100 rabid foxes were submitted from 33 counties last year."

The department said it felt the solution to the problem of wildlife rabies is the "employment, on a permanent basis, of skilled predatory animal trappers by either state or federal government to insure that fox and skunk populations are kept below the level necessary to support rabies in epidemic form."

A bill passed during the special legislative session last year authorized commissioners courts in counties of over 800,000 population to regulate dog numbers outside the boundaries of incorporated cities during rabies epidemics.

However, since the bill applied only to Harris County, it is felt current session should amend the act to include any county in which rabies is a public health problem.

Lee Diver, Jr. Stationed In Fort Carson, Colo.

Pvt. Lee Diver, Jr., son of Mr and Mrs. Lee Diver of South Burlerson, Cameron, Texas has arrived at mile-high Fort Carson, Colo. at the foot of Pike's Peak, where he will undergo eight weeks of basic combat training.

Pvt. Diver, Jr., has been assigned for training with Company H of the famed 8th Infantry "Golden Arrow" Division's 13th Regiment.

His first eight weeks of training-regorous, intensive and thorough---will stress the role of the infantry man in combat. A specially-trained corps of instructors- many of them seasoned combat veterans of World War II and the Korean conflict — will teach him how to defend himself and how to work with others as a fighting team. He will learn how to fire the M-1 rifle, the carbine and other light infantry weapons expertly. Bayonet drill fighting.

will prepare him for close combat

Parade drill, cross country marches, overnight bivouacs and calisthenics will condition him physically for Army life. Also, he will receive practical instruction in mine detection, map reading and chemical, biological and radiological warfare. Much of his time will be spent in the classroom studying such subjects as traditions of the military service, sanitation, first aid, current events, personal hygiene, military courtesy and supply economy. All are designed to acquaint him fully with his new responsibilities as a soldier.

Fort Carson, named after the illustrious Indian fighter, Kit Carson, is located five miles south of the resort city of Colorado Springs at the foothills of the Rocky Mountains. It became a major Army installation in 1942, and a permanent post last Aust.

Fort Carson, the only military installation in the United States for training Army scout and sentry dogs, also is the home of the only remaing Army mules, and head quarters for the renewned Mountain and Cold Weather Training Command.

Young Diver attended school in Rockdale where his parents lived before moving to Cameron.

April Plentiful Food List Topped By Pork

Slumping prices for live nogs are reflected in the meat markets. Supplies of pork are large, the slaughter rate is running from 20 to 25 percent ahead of last year at this season, and this plus lower retail prices, says Mae Belle Smith, extension consumer education specialist, puts pork in the featured spot for April.

Other meats on the April list include beef and such fish as shrimp frozen haddock and halibut and canned tuna.

Pinto beans, canned snap beans and canned sweet corn remain in heavy supply as do fresh and processed oranges and grapefruit, raisins and small prunes.

Rice, eggs and dairy products also rate a high ranking on the April list for supplies are near record list for supplies are near record levels.

Miss Smith says lard, vegetable fats and oils complete the list.

Staggered plantings of sudan grass can help farmers and livestock producers solve their summer grazing problem. The first planting should be made as soon as all danger of a killing frost is past.

John Batla of Thorndale, Route 1 was a business visitor in Cameron this week.

Two students from Cameron have been designated distinguished students for the fall semester, 1954, at Texas A. and M. College. A distinguished student must have a grade point ratio of 2.25 or better "C".

L. A. Matula of Gause was a recent visitor in Cameron.

Henderson Thompson spent a pleasant week end in the home of his sister, Mr. and Mrs. John Blasienz at Bryan.

MEET —

Pole Vault: 1937, Weyer of Houston and in 1938, Lay of Yoakum, (Tie), Height: 11 feet, 3 inches.

High Jump: 1954, Bobby Carter, A & M Consolidated, Dist. 6 feet, 1 inch.

Broad Jump: 1938, Wallis Houston, Dist. 21 feet, ½ inch.

12-pound Shot Put: 1939, Weems, Rockdale, Dist. 50 feet, 10 inches.

Discus Throw: 1954, Odell Grant of Killeen, Dist. 137 feet, 10 inches.

In 1952 Brenham won the meet while Cameron placed second and Waco High School came in third. Temple won the meet in both 1953 and 1954. Waco placed second and Georgetown third in the 1953 meet.

Taxpayers Urged To Check Returns For Accuracy

F. J. Schultz of the local Internal Revenue office stated today that many individual income tax returns for 1954 now being filed are not prepared in accordance with the instructions shown on the return and in the pamphlet accompanying the Forms 1040 or 1040-A, distributed to taxpayers in January of this year.

Taxpayers were also cautioned that, if their tax has been overpaid due to excessive withholding by the employer, they should be sure to indicate in the spaces provided on the return, Form 1040, the amount of the overpayment they desire to have refunded, or the amount they desire credited on their 1955 estimated tax. Taxpayers should not elect to have their overpayments credited on their estimated tax for 1955 unless they are required to file an estimated tax return. If no estimated tax return is required, the taxpayers should elect to receive a refund.

Separate returns reflecting only the income of a husband or a wife are not acceptable in a community property state. The separate returns of a husband and wife residing permanently in Texas should each reflect one-half of the total community income received during the taxable year by both husband and wife.

Taxpayers were cautioned to review their returns carefully before submitting them to the Director's office to insure accuracy and that both husband and wife have signed the joint returns. Also, to be sure that Forms W-2 are securely attached to the returns to substantiate the amount of wages rtported and the credit claimed for tax withheld.

COURT —

the judges and clerks of election and returned in the same manner as provided for the return and preservation of official ballots voted at such election."

An Art. 13.23 provides that all ballot boxes shall be returned to the county clerk within twenty-four hours after the votes have been counted. Art. 13.28 provides:

"Ballot boxes, after being used in the primary elections, shall be returned to the County Clerks as provided in Section 201 of this Act (art. 13.23), and unless there be a contest for a nomination in which fraud or illegality is charged, they shall be unlocked and unsealed by the County Clerk and their contents destroyed by the County Clerk and the County Judge without examination of any ballot at the expiration of sixty (60) days after such primary election. Provided that the District Judge, upon his own motion, or upon the request of the County or District Attorney, may, by an order entered on the minutes of District Court, defer the destruction of the contents of such ballot boxes for a period not to exceed twelve (12) months after such primary election."

More than sixty days have elapsed since August 28, 1954, and we must assume the ballots have been destroyed and therefore cannot now be counted. Further the judgment of the trial court directs appellants "to tabulate, count and report the absentee ballots and votes from Precinct No. 15." To comply with this order would require appellants to reconvene as the canvassing board of Milam County. We find no provision in the Election Code authorizing such a meeting. It is therefore our opinion that when appellants met as the canvassing board, canvassed the absentee ballots, made their returns and then adjourned their duties were at an end and they cannot reconvene at a subsequent day and act as such board. Benavides v. Orth, Tex. Civ. App., 120 S. W. 2d 99.

For the reasons stated supra the writ of mandamus if issued could not accomplish any lawful purpose. The rule is "that a writ of mandamus will not issue if for any reason it would be useless or unavailing." Holcombe v. Fowler, 118 Tex. 42, 9 S. W. 2d 1028.

The judgment of the trial court is reversed and judgment is here rendered that appellees take nothing.

Raymond Gray, Associate Justice.

Reversed and rendered
Filed: March 23, 1955.

Mrs. B. F. Stidham Celebrates 89th Birthday Recently

Mrs. B. F. Stidham celebrated her 89th birthday Friday March 18. Her children, grandchildren and great-grand children came to be with her, bringing the dinner all.

They were Mr. and Mrs. Grady Stidham of Cameron, Mrs. P. H. Tindall and Mrs. Joe Bill Foster of Calvert Mrs. John Lane Baskin and daughter, Ann, of Dallas, Rev. and Mrs. Billy Newton and sons, Jimmy Charles Lane, and Robert Cary of Burnet, and Mr. and Mrs. T.B. Stidham.

Among the friends who called were Mrs. Gill Newton of Maysfield and Mrs. Robert Glenn, who baked a beautiful birthday cake for the honoree.

Secrest Given First 'Award of Merit' By DAR

The Temple Betty Martin chapter, Daughters of the American Revolution, bestowed its first "Award of Merit" on Sen. Jarrard Secrest Saturday at the conclusion of his regular Saturday afternoon telecast.

The presentation was made by Mrs. Richard D. Haines, chapter regent.

The "Award of Merit" is offered by the national defense committee of the National DAR to an adult in a community who has contributed toward the betterment of that community by distinguished service "in the American way of life."

"Betty Martin chapter feels that Senator Secrest has long devoted himself to upholding the ideals of our Constitution and has pledged himself honorably to the fulfillment of working for the greatest good for the greatest number of people," Mrs. Haines said.

The "Award of Merit" scroll read: "Daughters of the American Revolution presents this Award of Merit to Jarrard Secrest, Texas State Senator, in grateful acknowledgment and sincere appreciation of outstanding services and worthy accomplishments for the protection of our constitutional republic."

Arrangements with Jim Bentley, KCEN-TV program director, made possible the presentation of the award as a "surprise" to Senator Secrest.

Railway Express Gives Facts On Parcel Post

A comprehensive 20-page report, entitled "The Truth About Parcel Post," which asserts that the government's transportation service has been "abused for the private profit of a few — at enormous loss to the American public," has been released by Railway Express Agency.

The report claims that if the government is pressured into handling larger freight-size packages between large cities, it would be contrary to presently accelerated efforts to get government out of business. On January 25, U. S. Budget Director Rowland Hughes, in the furtherance of this policy, directed Federal agencies to review their commercial and industrial activities, with a view toward discontinuing them.

The Railway Express booklet also shows that fourth-class, parcel post mail has accumulated a deficit of $1.2 billion since 1926, and that in the past nine years alone, through the 1954 fiscal year, the reported deficit amounted to $890 million.

Highlights and Sidelights From Your State Capitol

By VERN SANFORD

Texas Press Association

AUSTIN, Tex. — After prodding from the head coach, line coach and backfield, the Legislature got busy on both the put and the take phases of its money job.

House and Senate committees reported the biggest biennial budget in history. The Senate version calls for $1.5 billion. The House bill ran slightly less.

In one day of debate, the House passed its bill, calling for $212 million in two years from the general revenue fund, now currently in the red. It would require $33,600,000 more than current spending, for general purposes, plus a proposed addition of $27 million for highways.

Hearings by the revenue and taxation committee finally were held on Gov. Allan Shivers' tax recommednations — the Murphy 2-cent per gallon gasoline tax increase; and the Kirklin one-cent cigarette tax increase.

Although the current House is one of the "workingest" groups ever, Speaker Jim Lindsey, called on the members to work harder. He predicted that most of the urgent program — water, insurance laws, hospital, tax and spending—could be achieved. He estimated $60 million new taxes would be required.

Governor Shivers renewed his urging for the gasoline tax hike, backed by the highway commisions estimate that Texas needs to spend $2,200,000,000 on highways during the next 10 years.

Rep. Jerry Sadler who said he was "suthorized to speak for a majority of the House," told the revenue and taxation committee that the 2-cent gasoline tax hike won't pass.

Sadler prefers a one-cent per gallon gasoline and condensate processing tax. This, he contends, would bring in $160 million a year and permit repeal of the present 4-cent gasoline sales tax. A processing tax would reach out-of-state as well as Texas buyers of gasoline.

Sadler also has proposed a $3.30 per barrel hike in the tax on beer.

Heard by the oil, gas and mining committee was Rep. J. B. Walling's "anti-waste" bill to set minimum prices for natural gas. At present rates this bill would bring in an estimated $20 million a year.

Under committee rules, the tax and gas-conservation bills automatically went to sub-committees for a week's study.

Veterans' Affairs

Veteran land deals and their investigation resulted in an ever-growing list of legal suits against Bascom Giles, former commissioner of the General Land Office.

Filed by Atty. Gen. John Ben Shepperd in 53rd District Court here was a civil suit against Giles, seeking a lien on property purportedly owned by the former commissioner in Falls County.

Giles has been indicrd by a Bexar County grand jury on a charge of accepting a bribe. He also faces a Travis County indictment accusing him of conspiring to take $83,500 in veterans land program funds.

Issued by the Travis jury was a subpoena directing officials of the Capital National Bank of Austin, to produce Giles' bank records.

Other civil suits for recovery were filed, making a total of over $2 million that Shepperd is trying to recover for the state.

Car Owners Urged To Get Vehicle Inspected

With but one month remaining in the current Motor Vehicle Inspection period during which motorists must get their autos inspected, Col Homer Garrison, Jr., Director of the Texas Department of Public Safety, today issued an appeal to one-third of the State's car owners who have not yet complied with the law.

"There is just one month remaining," Garrison said, "in which about one-third of the car owners in Texas must have their vehicles inspected if they are to continue operating them on the streets and highways."

Meanwhile, W. J. Elliott, Chief of the Texas Highway Patrol, said that State Patrolmen would begin enforcement of the law on April 16 against operators of cars not bearing the 1955 approved inspection sticker.

"We are making this last ditch appeal," Garrison added, "for car owners to visit their inspection stations without delay if inconvenience is to be avoided."

Nervousness From Irregularity

By J. E. Boyce, D.C.

Nervousness in women is as common as a cold and the cause is about as obscure if you use the usual channels to try to get help.

Our clinical experience disclosed that the great majority of nervous women have some sort of female trouble. Instead of telling them to take up golf and try to forget it, we begin a systematic search to locate the cause of the female complaint and when we find and remove this the nervousness usually vanishes, just like that!

Here is an actual clinic case which aptly illustrates this:

A lady age 39 came to this clinic seeking correction of an abnormal menstrual condition. An absence of menses over a period of 2 to 4 months accompanied by body swelling, severe headaches, and extreme nervousness. Examination and X-rays located the cause. Adjustments restored the spine to normal — nerve tension was released and in a short time the patient was completely free of her menstrual trouble.

While our critics go about saying it can't be done, whe have already done it. Results speak for themselves.

Note: Texas Workman's Compensation Law authorizes payment for Chiropractic services. Demand it from your employer and his insurance company.
